The King of Saw-Mills. Page's Patent, Portable Circular Saw-Mills Improved.

THE Subscriber tenders his acknowledgments to his friends and customers in Michigan and vicinity, for their liberal patronage since he first called their attention to these Mills, and now begs leave to say he has of late made many valuable improvements in their construction, and being able to furnish better saws than ever made before, flatters himself he can furnish a better and Cheaper Mill for the purpose of making Lumber, than ever offered to the public.

These mills do their work with less power and

These mills do their work with less power and in a better style and with greater saving of lumber, than the Gate or Muley Mill—can be used in any ordinary mill frame, and with any good power that runs a Gate or Muley Mill, and do double the work, it is estimated, in the same time; and for simplicity and durability, are all that can be reasonably desired. They will saw all kinds of timber, are well adapted to all kinds of work, and are capable of cutting, on the average of from 15,000 to

Boilers with Engines and other Machinery, Expressly adapted to run these mills furnished on reasonable terms and short notice, at as low price as an article as good can be furnished else-

Circular saws upset, Saw Gummers, Belting and Steam Packing constantly on hand. For further particulars, please address the sub-

scriber by mail, or by personal application to A. E. BISSEL, Detroit, Mich. Caution.—Persons are most respectfully re-quested to beware of whom they purchase Circular Saw-Mills, for many have procured these mills from those having no authority to make and vend the same from the inventor and patentee. Experience has proved that a large Circular Saw cannot be used with success and profit without Page's Patent, and every person using these Mills without Patent, and every person using these Mills without authority, will be deemed trespassing, and dealt with accordingly—the subscriber being the only person authorized to make and vend the same in the Northern States.

J. K. SANBORN, Sandy Hill.

Washington Co., N. Y.

STATE OF MICHIGAN, County of Ottawa, 88:-At a session of the Probate Court for said county of Ottawa, holden at the office of the Judge thereof, in Grand Haven, on Saturday, the 24th day of November, A. D. 1855: Present William Hathaway, Jr., Judge of Probate, in the matter of the Estate of Henry Van Dyke, de-

PAPER purporting to be the last will and tes A tament of said deceased, having been deposited in this office for Probate. Thereupon it is ordered that Wednesday, the 26th day of December next, at 1 o'clock in the afternoon be assigned for the reading and approving of said will, and the appointment of an executor or administrator on said deceased's Estate, and the heirs at law of said deceased and all other persons interested in said estate are required to appear at a session of said court, then to be holden at the Probate Office, in the village of Grand Haven, and show cause. if any there be, why the Probate of said will should not be granted: And it is further ordered that notice be given to the persons interested in said estate of the pendency of the Probate of said will and the hearing thereof, by causing a copy of this order to be published in the Grand River Times, a newspaper printed and circulating in said county of Ottawa, three successive weeks previous to said day of hearing. WILLIAM HATHAWAY, Jr., Judge of Probate.

Revolution in Flour Bolting. IMPORTANT TO MILLERS! Nordyke & Hunt's Improved Wire-Cloth Double-Action Flour Bolt!

PATENTED FEB'Y 6, 1855. THE most important invention to manufactu rers of Flour yet brought to light. This machine has all the advantages and qualities for bolt ing flour, dusting and separating the offals, that can possibly be wished for by millers.

For testimonials from those who are usuing them, and for particulars, see large handbills; al so see Scientific American, No. 36, Vol. 10. This Bolt occupies less room, and not over half the power usually used for the same amount of work It produces a better yield than any other Bolt while the cost, all told, does not amount to one half. It is not affected by hot or damp weather.

The subscribers are prepared to fill all orders on short notice, at the net cost of \$450 at the shop Terms cash, when the machine is put up and test ed. We are also prepared to sell State, County and individual Rights. Address, 208 m3 | D. C. HENDERSON & CO., Sandusky

before making your purchases. E. D. BENEDICT & Co. Grand Rapids, October, 1855.

AYER'S

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bow-This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from These pills produce no irritation or pain, unless it arise from a previously existing obstruc-tion or derangement in the bowels. Being purely vegetable, no harm can arise from their use in an quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the com-plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languer and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. aperient they afford prompt and sure relief in Cos-tiveness, Piles, Colic, Dysentery, Humors, Scrof-ula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any

They have also produced some singularly suc-cessful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or discased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see wrapper on the Box.

PREPARED BY

JAMES C. AYER. Practical and Analytical Chemist,

LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

AYER'S CHERRY PECTORAL,

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usethat almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarseness, &c.; and for Children it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by

HENRY GRIFFIN, Druggist, Grand Haven.

Bell's Commercial College, CHICAGO.

Incorporated by the Legislature of Illinois

in 1853.

THE extraordinary patronage bestowed upon this popular Institution affords gratifying evidence that the superior advantages and facilities it offers for the acquisition of a thorough Com-MERCIAL EDUCATION are favorably appreciated. The course of study is the most extensive, complete and thorough ever introduced into any commercial college in this country, and comprises practical instruction in Book-Keeping and ac-counts, adapted to all kinds of busines; a complete course of commercial calculations; business penmanship; the subjects of commercial law; the art of detecting counterfeit bank notes, with much other knowledge indispensable to correct business

The design of this Institution being to qualify its students for the practical and intelligent discharge of an accountant's duties; the school is, therefore, considered a counting-room, and the student at once introduced to the workings and routine of business; and the practical value of the education it affords is sufficiently demonstrated by the fact that the several hundreds of young men who have entered from the States of Illinois, Indiana, Michigan, Wisconsin, Iowa, Ohio and New York, occupy some of the most lucrative and responsible business stations, and are receiving sala-ries from \$600 to \$1200 each, per annum, being greatly beyond their previous ability to command. The college possesses a library of over 1000 volumes for the gratuitous use of its students. The

school is in continual session, and students may enter whenever they please. Circulars and catalogues furnished gratis on application to

[212 1y Agricultural Warehouse and

Seed Store. THE subscribers have recently opened a store on Canal street, opposite the Public Hall, where they keep constantly on hand a large assortment

Farming Implements, Machines, Seeds, &c.

They are also manufacturing PLOWS of the most approved Eastern Patterns (including the celebrated Cartis Plow), also, Cultivators, Grain Cradles, &c. They keep constantly on hand Points for more than fifteen different kinds of Plows.

These Points, as well as all other castings made at this shop, are of the best quality of hard iron.

The wooding of Piows is done by Henry Stone, whose long experience in the business, enables him to excel in this branch of business. Farmers and those connected with agricultural pursuits, are invited to call and satisfy themselves that this is just the establishment which they have so long needed. STONE & CHUBB. Grand Rapids, February 1, 1855. 178 ly

READY MADE CLOTHING can be purchased of Haxton, Cutler & Warts, at less money than any other store in town. Our stock consists of Tweeds, Broadcloth, Kentucky Jean and Satti-nett Coats, and Pants; Demin Overalls and Sacks, Striped Shirts, Red and Dice Flannel Shirts, &c.

TOTICE.-Having sold our stock of Merchandise, to Messrs. Haxton, Cutler & Warts, we wish all those indebted to us, by note or book account, to settle without delay. February 23, 1854. GILBERT & Co.
